---

John;

Hello, just wanted to touch base and see how everything is going with you. I know we had trouble with the crawfish sampling and hope we can get moving forward again this year. I don't think I will ever get used to how long it takes to get things done. I haven't spoken with the Alsen Community in a while and was wondering if you have heard anything from them recently.

I hope everything is well with you and look forward to working with you again this year.

Respectfully;

Bill
